WORK EXPERIENCE

GRAPHIC & WEB DESIGNER // 2016–2020

Millennium Art Gallery Inc. — Philadelphia, PA

- Led a comprehensive rebrand project delivering new logo, signage system and 15+ marketing assets, resulting in 40% increased brand recognition within 6 months.
- Designed and launched a modern e-commerce website, expanding online presence and increasing sales by 25%

SENIOR GRAPHIC DESIGNER // 2014–2015

Hani Mahfouz Designs — Cairo, Egypt

- Developed brand identities and visual assets for 20+ clients, including book covers, menus and environmental graphics.
- Produced campaign materials including large-format signage and promotional assets for 10+ events, generating 30% increase in client engagement.
- Managed 2–4 projects simultaneously, overseeing work from concept to final production while collaborating with clients.

FOUNDER & DESIGNER // 2014–2015

Vint — Cairo, Egypt

- Created 20+ vintage-style typographic designs across half a dozen product types, e.g., coasters and cushions.
- Streamlined end-to-end production coordinating 5 vendors for printing and fabrication, reducing turnaround time by 25% and cutting costs by 15%.
- Increased brand visibility on social media and in-person by participating in seasonal exhibitions and markets.
- Oversaw sales and fulfillment for 30+ customers.

GRAPHIC DESIGNER & ARTIST // 2013–PRESENT

Freelance

- Created logo for Tonsorium For Polished Man, a men's hair salon.
- Developed designs for Turath, a home accessories startup, inspired by Middle Eastern culture and Egyptian icons.
- Designed album cover for Syrian recording artist Khater Dawa.
- Crafted a logo for Learn German! Lern Deutsch!, a tutoring center in Australia.
- Collaborated with a designer to produce illustrated lesson sheets for a German professor at Goethe-Institut Cairo.

WORK EXPERIENCE (CONTINUED)

JUNIOR GRAPHIC DESIGNER // 2013–2014

Joud Home — Cairo, Egypt

- Developed artwork for home accessories featuring Middle Eastern themes, Egyptian cultural icons and Arabic proverbs and folklore across multiple product types.
- Collaborated on concept development, color palettes and seasonal collections, translating briefs into finalized designs.
- Produced raster and vector artwork using photo editing, color blending and illustration techniques for production-ready designs.
- Designed marketing materials and social media visuals, including posters, banners and product mockups, in coordination with marketing and social media teams.

HMI/SCADA ENGINEER // 2008–2012

Al-Mawared Engineering & Trading (MET) — Cairo, Egypt

- Created HMI/SCADA systems for touchscreen panels and industrial computers to enable real-time monitoring of PLC-driven equipment.
- Configured PLC devices and coordinated seamless data integration, tag mapping and communication protocols.
- Designed intuitive UI/UX layouts with visual standards that improved usability and reduced operator error.
- Upgraded control systems of production lines for major brands including Nestlé and Pepsi by implementing alarms, trend graphs and access permissions to boost efficiency.
